### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the prior art of record neither anticipates nor renders obvious the limitations of claim 1 of the present invention, which require two separate engagement members joined together with a coiled spring and a female screw member (nut) disposed between them to receive a male screw; and an abutment member with positioning parts and displacement prohibiting parts engaging the two separate engagement members (fig. 9 of application).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

Renumbered claims 1-7 have been allowed.
